

IN THE SPECIFICATION:

Please insert the paragraph heading on page 1 of the English translation of the subject application, line 3, as follows:

--Technical Field --.

Please insert the paragraph heading on page 1 of the English translation of the subject application, line 7, as follows:

--Background Art --.

Please insert the paragraph heading on page 2 of the English translation of the subject application, line 7, as follows:

--Summary of the Invention--.

Please replace the paragraph heading on page 7 of the English translation of the subject application, line 3 as follows:

--~~In the figures:~~ Brief Description of the Drawings--.

Please insert the paragraph heading on page 8 of the English translation of the subject application, line 14, as follows:

--Detailed Description of the Invention--.

Please insert the paragraph heading on page 12 of the English translation of the subject application, line 1, as follows:

--CLAIMS--

Please insert the paragraph heading on page 12 of the English translation of the subject application, before claim 1, the following:

-- What is claimed is: --.

Please insert the following paragraph heading and paragraph as page 16 of the subject application, as follows:

--Abstract--

A device for modifying the layout of a vehicle racing course in a wide track section thereof including an arrangement consisting of individual elements for defining the edge of the track located in the region of the track section, which can be displaced, either individually or in groups, from an initial configuration of the track section into a new configuration for reshaping a bend in the racing course or/and for dividing the racing course.
